

## Draft Amendments to Regulation 2, Rule 6

(February 3, 2003)

- 2-6-113 Exemption, Registered Portable Engines:** Portable internal combustion engines, except gas turbines, that are registered in accordance with Health and Safety Code Section 41753 are exempt from this regulation.
- 2-6-201 Administrative Permit Amendment:** A non-substantive amendment to a major facility review permit. ~~Such amendments include the~~ The following amendments are administrative amendments: changes in recordkeeping format that are not relaxations of applicable requirements, the correction of typographical errors, the identification of administrative changes at a facility (such as a replacement of the facility's responsible official or a change in ownership or operational control of the facility which involves no physical or operational changes to the facility), the deletion of sources, the approval of a District rule into the SIP, ~~or the imposition of new or~~ more frequent emission monitoring requirements, or changes to applicable requirements and related monitoring that are not federally enforceable.
- 2-6-218 Potential to Emit:** The maximum capacity of a facility to emit a pollutant based on its physical and operational design. Any physical or operational limitation on the capacity of the facility to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, shall be treated as a part of its design only if the limitation, or the effect it would have on emissions, is enforceable by the District or EPA and if compliance with the limit can be verified as a practical matter. A facility that exceeds an enforceable limitation is considered to have a potential to emit that is unconstrained by any such exceeded limit.
- 2-6-427 Statement of Basis:** The APCO shall, in conjunction with the issuance of any major facility review permit, prepare a statement that, in conjunction with the permit itself, sets forth the basis for the draft permit conditions. This statement shall explain the basis for the decisions made by the APCO in issuing the major facility review permit, including the APCO's reasoning for imposition of additional monitoring requirements, and for the creation of any permit shield provisions. The statement of basis may, but need not, address requirements that are not applicable and for which no permit shield is provided. The statement of basis need not address the rationale underlying the establishment of any applicable requirement.
